

Assignment #1

Reflection – Homework 10 points.

Due tomorrow

In class you worked with your new classmates to build a tower. Write a **one-page** reflection on the process. Here are some questions to guide your reflection. Please do not feel like you have to answer all of the questions. Additionally, do not limit yourself to these prescribed responses. Honest thoughts are what I am looking for.

1. How did your group work during the planning phase of the project?
 - a. Was there a clear leader? How was the leader established?
 - b. Did each group member have the opportunity to share his/her ideas?
 - c. Did anyone write anything down?
2. How did your group work during the building phase of the project?
 - a. How did your group communicate?
 - b. Was everyone involved or were just some people doing the work?
 - c. Did your group's tower end up looking like the one you had planned?
3. Lastly, what does any of this have to do with school?
 - a. How does this relate to social experiences at school?
 - b. How does this relate to your other classes (non-English classes)?
 - c. How does this relate to English class?
